INFORMATION *about the Eastern Country.*

A Petition has been presented to the Legislature from the Inhabitants of a number of Towns and Plantations in the upper or northerly part of the Counties of *York* and *Cumberland*, praying to be made a new County—the subject has been acted upon and referred to a future Session. The boundaries of the new County, it is expected, will for the present extend East and West the width of both Counties—and North to the *Highlands*, until there shall be inhabitants enough to erect another new County north of *Amariscogin*, which will then probably be the northern boundary of the County now intended, which it is proposed shall be bounded in the following manner, viz. “By the *New Hampshire* line on the West, and then beginning where said line crosses the river *Amariscogin*, and following the course of the main stream down as far as the mouth of *Little Amariscogin* river, then some miles up said *Little Amariscogin* to the outlet of *Thompson Pond*, then through said outlet and by a line drawn through the middle of said *Thompson’s Pond*, then through the town of *Raymond* by the shortest line to *Sebago Pond*, then through said *Sebago Pond* by the shortest line to *Saco River*, then up said *Saco River* to the mouth of *Great Ojipee River*, then up the main stream of said *Great Ojipee* to the line of *New Hampshire*.”

These bounds will include a tract of about 40 miles square, and comprize the following Towns and parts of Towns and Plantations, viz. *Flinstown*, *Porterfield*, *Brownfield*, *Hiram*, *Fryeburgh*, *Bridgetown*, and *New Suncook*—*Poland*, part, *Turner* and *Livermore*, part, *Jay*, part, Plantations No. 1, 2, 3, 4, and No. 5, south of *Amariscogin* river, *Bethel*, *Oxford*, *Waterford*, *Paris*, *Otisfield*, *Buckfield*, *Butterfield* and *Butterfield Slip*.—North of the above described tract there are laid out ranges of Townships, extending nearly 50 miles, equal to 50 Townships, most of them equal to 6 miles square each and some of them more.—If the above described new County should be found to be inconveniently or disproportionately large, it may be divided nearly equal, by the *Little Amariscogin*, or by *Songo River*, which runs into *Sebago Pond*.—No description, however laboured or exact can be half so clear or explanatory, as by tracing these lines on the Map, and with such assistance, it is hoped, it will be sufficiently plain for the purpose to be understood.

Each State, as also the district of Maine, forms a district, and is denominated by the name of the State which composes it. Of these districts, excepting Maine & Kentucky, are formed three circuits, called the Eastern, Middle, and the Southern circuit. Each district has a Judge, called a district Judge, who, without any associate Judge, forms a district court. He is required to hold, within his district, four sessions annually, and is also empowered to hold special sessions, if occasion requires, either at the places required by law, for holding the stated terms, or elsewhere, at his discretion.

The Circuit Court is composed of one of the Judges of the Supreme Court (or in some special cases, of two) and the district Judge of any district where it is, *hoc tempore*, to be held. This Court must hold two sessions annually in every district of each circuit, except Vermont, where it holds but one. Special sessions may also be held.

For the several jurisdictions of each of these Courts, see the 9th, 10th, 11th and 13th sections of the Act of Congress, entitled, "An act to establish the Judicial Courts of the United States," passed Sept. 24, 1789.

For carrying into effect the Treaty made with the King of Spain, *eighteen thousand six hundred and eighty three dollars.*

Appropriations continued.

Including the appropriation of 500,000 dollars, made for the military establishment, there is further appropriated for that and the naval establishments, the sum of one million, three hundred and eighteen thousand, eight hundred and seventy three dollars.

The President of the United States is authorized to borrow the sum of five millions of dollars, to be applied to the payment of the principal of any parts of the debt of the United States now due, or may become due in 1796.

The President is also authorized to borrow the sum of three hundred thousand dollars, on loan, for the use of the city of Washington, in the district of Columbia.

The Military Establishment.

THE Military establishment of the United States, after October 1796, is to be composed of the corps of artilleryists and engineers, as heretofore established; two companies of light dragoons, to do duty on horse or foot; and four regiments of infantry, of eight companies each.

Every non-commissioned officer, private and musician of the artillery and infantry is to receive, annually, the following articles of uniform cloathing, viz. one hat, one coat, one vest, two pair of woollen, and two pair of linen overalls, four pair of shoes, four shirts, four pair of socks, one blanket, one stock and clasp, and one pair of buckles.

Suitable cloathing is to be provided for the dragoons, adapted to the nature of the service.

Every non-commissioned officer, private and musician is to receive, daily, one pound of beef, or three quarters of a pound of pork, one pound of bread or flour, half a gill of rum, brandy or whisky; and at the rate of one quart of salt, two quarts of vinegar, two pounds of soap, and one pound of candles to every hundred rations.

The monthly pay of the officers, non-commissioned officers, musicians and privates, is, a major general, 166 dollars; a brigadier general, 104 dollars; quarter-master, inspector, and paymaster general, each, in addition to their pay in the line, 25 dollars; principal artificer, 40 dollars; second artificer, 26 dollars; lieutenant colonel commandant, 75 dollars; major of artillery and of dragoons, 55 dollars; major of infantry, 50 dollars; pay-

Military and Naval Department.

master, adjutant & regimental quarter-master, in addition to their pay in the line, 10 dollars; captain, 40 dollars; lieutenants, 26 dollars; ensigns and cornets, 20 dollars; surgeons, 45 dollars; surgeon's mates, 30 dollars; serjeant-majors, and quarter-master serjeants, 81 dollars; senior musicians, 7 dollars; serjeants, 7 dollars; corporals, 6 dollars; musicians, 5 dollars; privates, 4 dollars; artificers to the infantry and cavalry, farriers & saddlers, each 9 dollars; nurses in the hospital, 8 dollars,

No non-commissioned officer or private is to be arrested for any debt under the sum of twenty dollars.

Naval Department.

Three Frigates are to be equipped with all convenient expedition, two to be of 44 guns, and one of 36 guns. For the pay and subsistence of the three Captains, the sum of 5000 dollars is appropriated.

The ships of 44 guns are to be officered each with one Captain, four Lieutenants, one Lieutenant of Marines, one Chaplain, one Surgeon and two Surgeon's Mates; one Sailing Master, and two Mates, one Carpenter and two Mates, eight Midshipmen, one Purser, one Boatswain and two Mates, one Gunner, & two Mates, one yeoman of the Gun-room, and eleven Quarter Gunners, one Sailmaker and one Mate, one Captain's Clerk, one Cockswain, one Armorer, a Steward, a Cooper, a Master at Arms, a Cook, one Serjeant, two Corporals, one Drum, one Fife, 50 Marines, and a sufficient number of seamen.

The 36 gun Frigate to be officered and manned in the same proportion.

The pay, subsistence, rations, &c. of the several Officers are established by Congress; but as it will, probably, be a considerable time before they will be in actual service, (as a Treaty is now settled with the Algerines) it is therefore thought needless they should be here inserted.

*** *By the foregoing Appropriations, for the Services in the several Departments of Government, it may be seen, at least in part, for what purposes the immense number of Dollars, granted by Congress, are expended.*

Convention *Matters, &c. continued.*

The Convention, solicitous to collect and preserve accurate documents for a history of their Churches, have *Voted*, "That all the Congregational Ministers in the Commonwealth of Massachusetts be requested to give a history of their respective Churches, and of the Churches in their vicinity, if vacant, and to make returns, as soon as may be convenient, to the Rev. Dr. Belknap, of Boston, to be by him kept on file, after having been fairly recorded by the Scribe of the Convention, in a book to be kept by him for that purpose."

The Course of improvement in which the Commonwealth of Massachusetts now is, and the reasonable anticipation of the good effects thereof, is, by noticing the attention of the Legislature, in the course of the last seven years, to the encouragement of Literature, provision for the virtuous and liberal Education of the rising Generation, public Convenience and Utility, and many other valuable objects; for besides the Incorporations in the said period of seven years of upwards of 50 Towns, other Incorporations have taken place for various useful purposes, viz. 17 for Institutions of Education: 38 for the support, &c. of religious Societies of different Denominations: 14 for the building of Bridges: 11 for the Construction of Canals & Locks: 4 for the Interest of Navigation: 15 for the Encouragement of Arts, including Agriculture: and 4 Miscellaneous.

Extract from a late additional Militia Law.

BY a Law of this Commonwealth, passed Feb. 24, 1798, it is enacted, "That no non-commissioned officer or private, belonging to any company of militia, shall be exempted from military duty on account of bodily infirmity, unless he shall obtain a certificate from the Surgeon or Surgeon's mate of the regiment to which he belongs, if either of those Officers are authorized in said regiment, if not, from a reputable Surgeon or Physician living within the limits of the same, that he is unable to do military duty by reason of bodily infirmity, the cause of which is to be described in said certificate; and the Officer commanding said company may upon the back of said certificate, discharge the person named therein from doing military duty in said company for such term of time as he shall judge reasonable; which certificate, if approved and countersigned by the Officer commanding the regiment, battalion or squadron, to which such person belongs, shall intitle him to a full exemption from military duty for the term therein specified."

"No appeal is to be allowed to either party from the judgment of a Justice of the Peace, upon any prosecution or complaint brought by any Clerk of a company of Infantry, Artillery, or Cavalry, which the Militia law requires to be prosecuted by said Clerks."
